CO.FE.MO. posts positive figures for 2010 and first quarter 2011

The first quarter of 2011 has shown positive figures for Cofemo Industrie srl, with confirmation of growth forecast during the budget phase. Therefore, after a significant increase in 2010, in respect to the previous year, 2011 has started with the same trend of volumes and interest in the market for cofemo products, both traditional and new.

The new base „LINEA“

The latest base designed and added to the cofemo product range is LINEA, a base with a modern and clean design, now available in alloy, with 5 legs, diameter 645mm, perfectly fitted to office, home office and visitor chairs. LINEA can be finished in polished, powder coated, chrome plated, sand blasted and conforms to all ENBIFMA/DIN tests.

COMMUNICATION

New web site on line for interzum 2011

The new web site www.cofemo.com will be on-line for the Interzum 2011 exhibition and will be mainly reorganized in its content. A new graphic layout and navigation index will make it easier to look for information, data and pictures, particularly highlighting products and their specific features.

EXHIBITIONS and EVENTS

CO.FE.MO. at Canton fair (China)

Cofemo products were exhibited from 27th to 30th March 2011 at CIFF-Office Show in Canton (China), one of the world most important exhibitions for office furniture and office layout solutions. More than 43.000 professional visitors were registered during the show and the numbers and response to cofemo was very positive.
