COFEMO INDUSTRIE NEWS **N° 5**

DECEMBER 2011

Online newsletter periodically informing our commercial partners about the news and events regarding Cofemo Industrie srl

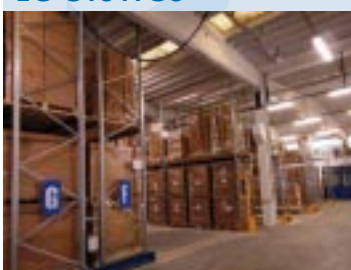

PRODUCTION

A steady growth thanks to satisfied customers

Despite an uncertain 2012 and a critical global economy situation Cofemo Industrie is pleased to observe a steady growth in line with the budget expectations. We must thank our customers for this success, that keep on choosing our quality, seriousness and professional approach.

LOGISTICS

A new warehouse

Our new warehouse will help us improve the room rational use by making the company logistics leaner. The automatic compacting warehouse will ensure the reduction in size, optimize the production planning and the process flows.

SALES

The POP base now available with 634 mm diameter

The latest Cofemo Industrie base belongs to the POP family, that thanks to the commercial success obtained on the international market, will be now available in the plastic version with a 634 mm diameter caster to caster. This base perfectly fits to home office and school chairs and meets the EN-BIFMA-DIN standards.

CERTIFICATION

UNI EN ISO 9001:2008 CERTIFICATE RENEWAL

Cofemo Industrie has recently obtained the renewal of the UNI EN ISO 9001:2008 certificate, covering the engineering and production of office chairs and furniture components. On top of that Cofemo Industrie srl is going to take the proper actions to obtain the ISO 14001 certificate following its joining the AIA in respect of the environmental issues.

NOTICE

Wishes !

Cofemo Industrie srl wishes a Merry Christmas and a Happy New Year 2012 to everybody and particularly thanks those customers, that have chosen our company in this difficult year.
